Aver's Cathartic Pills.

THE sciences of Chemistry and Medicine bave been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win un-precedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their pene training properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate singgish or disor-dered organizatio their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have taffled the best of human skill. While they produce powerful effects, they are at the same time, in distinished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not sub-stantiated by men of such exalted position and character as to ferbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my Americal Almanac, containing directions for their use and certificates of their cures, of the following complaints: certificates of their curse, of the following complaints:—
Costiveness, Illious Complaints, Rheumatism, Bropsy,
Hastbury, Headache arising from a foul stomach, Nausea, Indigation, Morbid Inaction of the Bowels and Pain
strising theoretics. Hatsiency, Loss of Appetite, all Ulcerous and Curanasus Diseases which require an evacuant
medicine, Scredula et King's Evil. They slave, by purifying the blood and stimulating the system, cure many
complaints which it would not be supposed they could
reach, such as beafness. Partial Hilminess, Neuraigia and
Nevous Irritability, become cursor of the Liver and Kidneys, floud, and other kinders complaints arising from a
low state of the body or obstruction of its functions.
